

CUB SCOUT PACK 801

CUBMASTER'S

Column

Happy October! I hope everyone who went to the joint campout with pack 628 had an awesome time. It was a beautiful weekend for fellowship, fun and completing some advancement.

Thank you to everyone who invited friends and classmates to our last Pack meeting. Remember, it's never too late to ask a peer if they'd like to come to a Pack or den meeting and see what Scouting is all about (make sure your den leader knows, if it's a den meeting).

October ushers in signs of the change in seasons as we transition from warm camping weather to cooler weather with fall colors. Our thoughts turn to pumpkins, apple cider, and all that we have to be thankful for. These next few months we will be talking about bravery, kindness, and reverence.

This past week was Fire Prevention week. This month, talk with your families and make sure you have a plan in case of a fire. Test your smoke alarms to make sure they're working and change the batteries twice a year even if they aren't beeping. What else can you do to keep your family safe and show bravery?

Your Cubmaster,

Joy Taylor-Wade

The Wolf Den has been making the most of the final days of beautiful weather by completing our Paws on the Path requirements. Wolves learned about the buddy system, Finding their Way using maps, compasses, and landmarks! We even completed a scavenger hunt during the campout this September. As we look to the cooler months, Wolves will be focused on finishing their Bobcat requirements and showing reverence for our flag!

Wolf Den Leader

WOLF

The Bears have completed their Bobcat Adventure while creating our Code of Conduct. During the pack campout, they worked on "Whittling", "Balancing Bears" and their "Let's Camp" Electives with Pack 628. The Bears also planned out and completed a 1-mile hike for the "Bear Habitat" requirement. Way to go, Bears!

WEBELO

It's been an exciting fall for the Webelos as we move to two den meetings a month. Our Code of Conduct now includes the bringing of cheese to each meeting, a very important (and tasty) detail. Last weekend our six scouts camped in the New Glarus Woods, putting up their own tents, working on fire starting skills and completing a two-mile hike. Lots of impromptu skits, silliness and camaraderie. In preparation for our first den camping trip, we worked on Trail First Aid, prepped for and mapped out our hike using GPS software. We even determined our walking pace by walking a 1/4 mile and projecting the time it takes to cover a set distance.

Webelo Den Leaders

The AoL den started off the year by welcoming a new member (Henry) and reimagining their den as a scout patrol. They chose the Ghostbuster Patrol as their name and elected Eli as their patrol leader. At the fall campout they completed the Outdoor and Knife Safety Adventures. To finish the Bobcat Adventure, they attended Scouts BSA troop meetings to see what older scouts do. In October they began planning for the Citizenship and Personal Fitness Adventures.
